**Subject:** Fully Understanding the Implications of the Body of Christ not standing with Israel

Dear sisters and brothers in Christ,

Please share this important email with all your points of contacts.

Please see this link I was just sent. It seems some denominations in the Body of Christ are standing against Israel. The United Methodist Church is one.

## ***The Lord says, "My People Perish for Lack of Knowledge."***

Every Christian in America **must** read the book by John McTernan titled, "As America has done to Israel" to fully understand how Israel is God's prophetic time clock **and** to realize the repercussions of any individual or nation that curses Israel. In particular this applies to those who force Israel to divide the land God gave Abraham as an **everlasting** covenant. Our government and some believers are erroneously going against God Almighty by supporting a Palestinian state.

Why should people in America and the Body of Christ care what happens to Israel? First and foremost, America **and** the church were birthed as a result of one of the promises God established with Abraham based on the Abrahamic Covenant. I substantiate this in my recent writing subtitled; "*The Good*" under the series titled, "*America Repent or Perish.*" If you have not yet read my writing titled, "*Why It Is Important to Honor the Abrahamic Covenant*" both writings are under my 2011 Prophetic Word on my website at [www.angeloffaith777.com](http://www.angeloffaith777.com).

Also it is important for us to realize the pressure to have Israel divide the land for peace did not start with this current administration. 1991 was the turning point of the United States beginning to directly interfere with God's prophetic plan concerning the nation of Israel. In 1991 President George Herbert Walker Bush used the power of the United States to pressure Israel into the Madrid Peace process with the Palestinians, Syrians, and Egyptians. President Bill Clinton continued this initiative; however, it was President George W. Bush who committed the United States to recognizing a Palestinian state during his speech to the UN on 11-10-2001. Then in a major speech on June 24, 2002 he totally committed the United States to the creation of a Palestinian state. The book "*As America Has Done to Israel*" fully conveys everything we need to understand which lead up to this current administration continuing to go against Israel to establish the One World Order.

God has repeatedly warned America that our nation is on a collision course with Him over dividing up Jerusalem and the covenant land. **Every** time America pressured Israel to surrender land, warning judgments hit our nation in the form of catastrophic events. These warning judgments occurred through all three presidencies, regardless of party affiliation, and resulted in some of the greatest natural disasters in our nation's history. Some of these include Hurricane Andrew, the Northridge earthquake, and Hurricane Katrina. These disasters occurred on the **very days** the United States government pressured Israel to divide the land. There is a significant chapter devoted on conveying this truth titled, "*America on a Collision Course with God.*" After reading this chapter there is no denying the correlation.

Please read this book to fully understand the urgency of the Body of Christ to stand with the nation of Israel and the Jewish people at a time such as this. America will reap back on our own heads in direct proportion to what we allow to happen to Israel.

Together we CAN make a difference for His Kingdom. Blessings until we meet again.

Thanks and God Bless!

In His Service,
