

Jerusalem is on Fire! Urgent Prayer Request!

Post by: **forhisglory11** on **July 18, 2011, 07:28:20 PM**

Brothers and Sisters of the Most High:

According to Mike Evens; There is a fire raging in Jerusalem!
I have not heard anything on the local news; Pray for Jerusalem; Continue praying for Jerusalem and Israel.

Dear Lord; release Your Loving Hand of Protection for your Beloved City, Jerusalem. Protect the Jewish people and all the others residing in the Beloved City; let the world see it was only by your Hand that this rage of destruction came to an abrupt end. "When satan comes in like a flood the Lord will lift up a standard against it" In Jesus Name! Amen.

URGENT: Fire Please Pray Now

A massive forest fire that raged out of control threatened many Jerusalem neighborhoods and landmarks, including the Yad Vashem Holocaust Museum which had to be evacuated last night. Thick billowing smoke hindered attempts to control the fire, as water-dropping planes were not able to get close to the source of the blaze, and it had to be fought largely on the ground.

Some of the workers at the museum insisted on remaining behind to save the irreplaceable artifacts that give witness to the horror that saw the slaughter of more than six million Jews. "Some of the staff, including the director general and security people, have remained behind to try and help and make sure everything is okay," a spokeswoman said. "Nothing has been damaged as far as we know at the moment, and we hope it stays like that."

Another threatened site was the major fuel depot at Pi Gilot. Early reports are that some homes also had to be evacuated. The police have arrested one person who is believed to be linked to the start of the fire, although early reports indicate that it may have been accidental rather than deliberately set. I ask that you urgently join me in prayer for the Holy City. It breaks my heart to see a news story like this. I also ask that you send a special gift to help us respond to needs that arise from this fire.
